 **RENSON®**

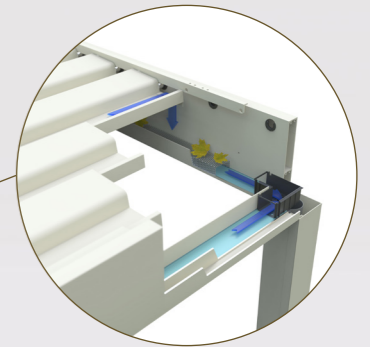

Renson Algarve[®], invisible strength

FIXED WALLS AND ROOF
Stylish canvas roof and fixed walls for your outdoor space or storage area

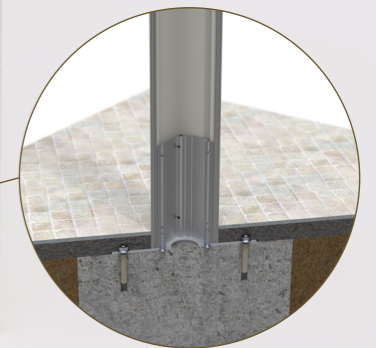

INTEGRATED HEATING
Efficient technology where you want it

SMOOTH WATER DRAINAGE
splash-free and no risk of blockage

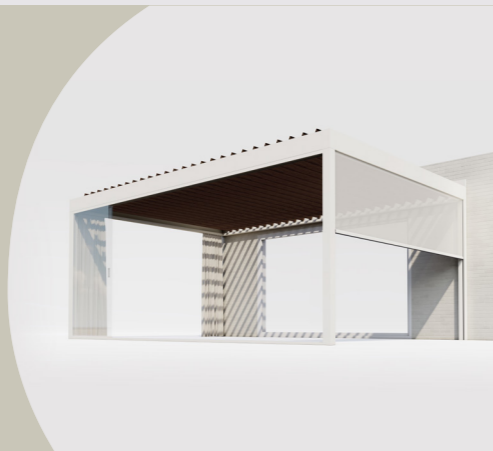

WIND-RESISTANT SLIDING PANELS
Automatic locking thanks to mechanical stoppers

INVISIBLE STRENGTH
Algarve's fully enclosed column structure guarantees its solid quality.

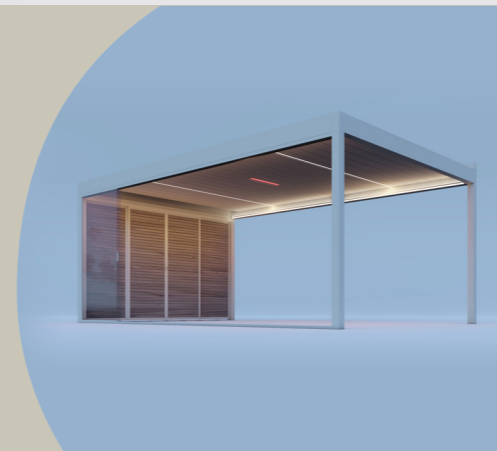

CONTROL SUN AND SHADE

Adjust the rotating blades to control shade and light, or to improve airflow and release trapped heat. Adding screens, sliding panels, or outdoor curtains only enhances the versatility, giving you endless options for comfort and style.

IN THE RIGHT LIGHT

Create the right atmosphere for any occasion by combining functional and ambient lighting. Your Algarve's design captivates, both indoors and out.

SHELTER FROM THE ELEMENTS

Opt for a fixed roof or set the blades to automatically close at the first sign of rain. Choose side infills that protect against wind and rain, and add heating wherever needed. Transforming the Algarve into a cozy, all-season retreat is effortless
